Team RV Debuts at SUN-n-FUN – Again!

(Gold Hill, NC) March 19, 2012 – It's not often you can do something for the first time, *again*. Team RV has had a year to anticipate its return to SUN 'n FUN International Fly In and Expo in Lakeland, Florida to debut its one-of-a-kind performance before aviation enthusiasts from all over the world. "We can't wait to fly at SUN 'n FUN and gauge response from this crowd. It's a rite of passage that we have looked forward to for two years now" said Mike "Kahuna" Stewart, Flight Lead for Team RV.

Last year's stormy weather not only canceled the SUN 'n FUN air show and the team's performance for two days, but also destroyed two aircraft on the team and damaged six others. "Our fleet suffered a lot of damage, but we have great insurance coverage with NationAir, and with their help we quickly picked up the pieces and moved on to a fantastic season," Stewart said.

With 12 pilots, Team RV is the world's largest air show team. It presents an action-packed display of close formation, opposing passes, difficult rejoins, and graceful aerobatics. Spectators can see them fly on Tuesday and Wednesday, March 27-28.

Celebrating 10 years in the air show industry, Team RV offers precision formation and formation aerobatics, a twilight performance, five-ship circle the jumper opening ceremony support, The Missing Man Formation, and more. For more information about Team RV, visit www.teamrv.us.
